How to use this planner

Fill in as much or as little as you like. Nothing here is final, and we will go through it together before your day.

01 **Tell us about your day.** Times, line-up and the people we should speak to on the day.

02 **Choose your key songs.** The moments that matter most: the aisle, the first dance and the last song.

03 **Set the mood.** Tick the styles you love for each part of the day, and the ones to avoid.

04 **Send it back.** Email it to events@lizemynhardt.com or WhatsApp a photo, ideally six weeks before your wedding.

Good to know

- Not every song works live in every line-up. If a request isn't possible, we'll suggest the closest alternative.
- For a song that needs to be the original recording (for example a family member's favourite), let us know and we can arrange playback.
- Song requests are confirmed once your booking fee has been paid and your date is reserved.
